

## ***C. Bechstein grand piano***

***It is intended to sell this beautiful old and completely newly restored Bechstein grand piano in the course of 2022 for personal reasons.***

***It was delivered for the first time on October 10th, 1883 with the serial number 6104. The color is black / shellac. According to information from C. Bechstein, only 2 pianos of this type were delivered.***

***It has 3 ebony carvings on the edge. There are also many elaborate decorations made of ebony and cast bronze.***

***The piano survived two world wars. The damage that occurred and other defects that occurred over time were remedied in an extensive restoration by C. Bechstein in 2016. Only the soundboard had to be replaced with a new one. The original string cover has also been renewed. The original pitch of the instrument is 427 Hz.***

***The photos below show the wing from different sides and details.***

***If you are interested, please send inquiries or offers via the contact address on the website.***
